exercise

① when in the backyard playing and was perceived by rambos from street - viewed memory.

② Fear - being seen as a weirdo

Loneliness - wanting to return to such intimacy.

③ smell sweet

see greenery in the forest - cold place from the street

wood texture of the sticks - soft ground

nature sounds - trees/wind - birds.

↳ also cold laughter and gossip talking.

I played in the gully often - with sticks and magnifying glass.

- had tree branches and grasses and gold sun.

- gully was overseen by the road. strangers

walked by saw me and stopped and talked.

afraid of being seen as a weirdo didn't play anymore for a long time.

Trees - Grasses - fence - cold wood. - Gold light.

In reality they likely don't remember it and it never mattered.

It was exaggerated to fear me into normality.
